Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Saturday 02 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain spreading northwards today. far north drier.

Today:
A few showers around at first this morning. Cloud and rain will spread north during the day, most persistent and occasionally heavy in the east. Far north drier with only the odd shower.

Tonight:
Rain in the north and east clearing away. Then clear periods and scattered showers, these mostly in the west. Northern Isles wet, gales across Shetland.

Sunday:
Some bright or sunny spells and a few showers in the south and east. Northwest turning wet by afternoon. Breezy, gales in the far north.

Outlook for Monday to Wednesday:
Bright with a few showers on Monday, mainly in the west. Mostly dry on Tuesday and Wednesday, perhaps some rain in the south for a time on Tuesday.
